K4 Kiosk – The Self-Service Solution for Modern Entertainment Venues

Designed for all kinds of family entertainment centers, including arcades, theme parks, and more, the K4 Kiosk streamlines transactions and elevates the customer experience.

Thoughtfully designed, the K4 Kiosk combines speed, functionality, and promotional impact in one durable unit. Its floor-mountable design ensures extra stability in high-traffic environments, making it ideal for busy venues.

Smart Design. Seamless Experience.

- 24" upper screen to showcase promotions and drive upsells
- Shopping cart feature increases average transaction value
- QR code scanning allows customers to purchase a promotion online and redeem it in-store
- **DualSafe:** cash is stored in a separate, steel compartment and accessed with a unique key

Advanced Transaction Capabilities

- Efficiently sell, recharge, and analyze PlayCards
- Sells, recharges, and analyzes PlayCards with precision and speed.
- Features a shopping cart function with effective upselling techniques to boost revenue.
- Accepts and scans QR codes for fast, seamless transactions.
- Enables the sale of various products, including credit packages, combo deals, HyperPassports, time-based access, and more.

Optimized Performance & Customization

Engineered for high-demand venues, the **K4 Kiosk** is the fastest and **most reliable solution** for PlayCard sales, recharges, and analytics. Its **intuitive interface** and lightning-fast processing reduce staff dependency while improving throughput and enhancing guest satisfaction.

The **K4 Kiosk supports custom promotional bundles**, including **credits**, **bonus credits**, and **TimeCards**, so operators can easily adapt offerings to suit different audiences. Guests can instantly check PlayCard balances, transaction history, and status, creating a **seamless and transparent user experience**.

Designed for flexibility, Sacoa's K4 Kiosk accepts multiple payment types and enables multiple PlayCard purchases in one transaction, streamlining every interaction.

Optional Features for Maximum Flexibility

- RFID or magnetic card readers
- Built-in camera for enhanced monitoring and security
- Multi-language interface with customizable language packs
- CRM integration for powerful customer management
- Custom exterior design to match your venue's branding and theme
