Smart, Fast, and Effortless: Redemption Kiosk

The Sacoa Redemption Kiosk streamlines the prize redemption process by **allowing guests to redeem their tickets quickly and independently**. Its intuitive touchscreen, multilingual interface, and real-time digital catalog make redeeming prizes easy and engaging.

By reducing lines and staffing needs, **it improves efficiency while boosting purchases** through promotional highlights. Fully integrated with existing systems, **it automatically updates inventory counts and prints a receipt for prize collection**.

Available in countertop or stand-alone models, **it's a smart, secure, and modern solution for any entertainment center**.

Easy-to-Use

Redeem tickets for prizes directly at the Redemption Kiosk

Management

Functional reports help make data-driven decisions

Interconnected

Integration with current FEC redemption systems

Reduce Obsolete Inventory

Discount items and show them at the top to move them quickly

Inventory Control

Live inventory updates for smooth customer experiences

Efficient

Reduces labor requirements and customer queues
