K5 Kiosk: The Ultimate Self-Service Solution for Attractions

The K5 Kiosk is the ideal choice for operators seeking a compact, cost-effective, and fully featured self-service terminal. Designed to optimize efficiency and enhance the customer experience, the K5 Kiosk offers a complete suite of functionalities tailored for theme parks, arcades, entertainment venues, and more.

With its split-screen capability, operators can showcase promotional content while maintaining seamless transaction processing. The kiosk features a rotating design, allowing for easy back access and hassle-free maintenance.

Innovative Design & Accessibility

- Equipped with a 23.8", full HD, touchscreen monitor for an engaging user experience.
- Fully compliant with ADA standards, ensuring easy wheelchair access.
- **DualSafe:** cash is stored in a separate, steel compartment and accessed with a unique key

Advanced Transaction Capabilities

- Efficiently sell, recharge, and analyze PlayCards
- Sells, recharges, and analyzes PlayCards with precision and speed.
- Features a shopping cart function with effective upselling techniques to boost revenue.
- Accepts and scans QR codes for fast, seamless transactions.
- Enables the sale of various products, including credit packages, combo deals, HyperPassports, time-based access, and more.

Optimized Performance & Unmatched Versatility

Designed for maximum efficiency, the **K5 Kiosk** is the **fastest solution** for **PlayCard analysis, sales, and recharges**, ensuring a seamless user experience. It offers **flexible bundle options**, including **credits, bonus credits**, and **TimeCards**, catering to diverse customer needs.

With a **detailed card balance display**, real-time status updates, and transaction history, users can easily track their activities. The kiosk is **highly customizable**, with optional **RFID and magnetic card readers**, a built-in camera for enhanced monitoring, and branded screen content to align with your business identity.

Built to enhance operational efficiency, the K5 Kiosk **reduces the need for staff**, supports **multiple languages**, and is **fully CRM-integrated** for streamlined customer management. For added security, the entire unit **can be bolted to the floor**, ensuring stability in high-traffic areas.
